

Bad Stomach Makes**Bad Blood.**

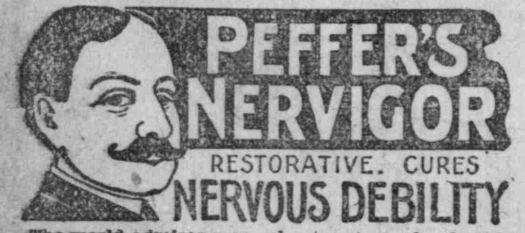

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to churn up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach) it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherry bark, Queen's root, Blood-root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. B. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Robert A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., Authors of the American Dispensary, and scores of others among the leading medical men of our land. Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement?

The Southern Railway is 23 miles the shortest from Louisville to Nashville and forty-three miles the shortest to St. Louis.

New Trials Granted.

The Appellate Court, in an opinion by Judge Barker, reversed the Fayette Circuit Court in the case of John Taylor vs. the Commonwealth. John and Edward Taylor and Garfield Smith, all colored, were jointly indicted for the murder of William Moore, a white man, in George Luigart's saloon, on Limestone street, Lexington, on November 20, 1904. Separate trials were had and John and Ed. Taylor were sentenced to death. The reversal is on erroneous instruction, and the opinion in the John Taylor case discussed the questions in both appeals and new trial ordered in both cases.

The chief ground of reversal is the failure of the Lower Court to give instruction on accidental killing, the sold defense.

STOCK AND CROP.

Ferguson & Webber lost by death a high-class saddle horse valued at \$500.

Liver & Bodkins, of this county, sold last week at Louisville thirteen hogsheads of tobacco at an average 7 cents.

Newt. Rankin, of Carlisle, purchased in Mason county, one day last week, 26 mules and two saddle horses for \$4,576.

W. T. Overby, of this city, bought 71 hds. of old bright trash tobacco on the Cincinnati market last week from \$7 to \$13 per cwt.

Nichols & Pendleton bought 80,000 pounds of tobacco last week from 8 to 3 cents. They sold 15 hds on Cincinnati market at an average of 9 cents.

In Montgomery, John T. Woodford has sold for H. M. Woodford his farm of ninety-seven acres, lying near Camargo, to Benjamin Salyers for \$4,300, equal to cash.

Paul Kimbrough, of Hutchison, sold his crop of tobacco, 20,000 lbs., to Geo. Ellis, agent for The American Tobacco Co., at 11 cents. A Gum sold 20,000 lbs. to same party at 10 cents.

Hon. June W. Gayle bought two farms in Owen county last week, which makes him the largest land owner in that county. He seems to be a more successful farmer and trader than he was a Congressman.

John Wiggins sold Saturday to the Continental Tobacco Co. 18,000 pounds of tobacco for 11 cents and 22,000 pounds at 10 cents. The 40,000 pounds averaged 10 1/2 cents. This was pronounced the best crop in the county.

Abnee & Mussion have bought so far this season about 150,000 pounds of tobacco, at an average of \$6.35. The highest price paid was 8 cents and lowest 3 cents. They sold in Cincinnati last week 11 hds. at an average of \$10.25 and 8 hds. at \$8.

Mrs. Hargis, wife of former State Senator A. H. Hargis, has sold her farm in Clark county to Ben A. Crutcher, Commonwealth's Attorney for this district for twenty-five thousand dollars. The farm comprises 140 acres and is finely improved.

W. L. Reynolds, of Covington, purchased Friday from John L. Hopkins and Hartford Bros., the McLeod farm of 455 acres for \$68,250, or \$150 an acre. It lies two miles west of Versailles, on the Lawrenceburg turnpike. Mr. Reynolds spent several weeks here last Spring trying to purchase a farm in Bourbon.

One of the handsomest presents which Nicholas Longworth will receive when he marries President Roosevelt's daughter will be a team of blooded Kentucky trotting horses, purchased for \$12,000. C. F. Nagel, of Lexington, formerly of Paris, was commissioned to make the purchase by Cincinnati parties. He reported the team had been selected.

Fletcher Mann bought last week 18 yearling mules from Rogers & Ratliff, of Carlisle; 10 of Marston Bros.; 4 of John Marshall, 4 good ones of Joe Downing; 4 good ones of Sanford Roff, Mayslick; 2 from Jonas Weil; 2 extra good 4-year-olds of W. A. Thomason; 2 big mules and some good chunks in Garrard county; 1 good chunk of J. T. Wells, Mason county; 4 big mules of N. H. Taylor. He sold last week 34 extra good yearlings to Tennessee parties; 12 to W. D. McIntyre; 11 to West Virginia parties and 4 extra good ones to Thos. Henry Clay.

The Trotter and Pacer says: "No man is better known to the trotting horse fraternity than 'Doug Thomas,' 'Honest Doug'—he develops his horses on a three-quarter mile country track; says nothing; goes to the races and takes home the coin. Every year 'Doug' springs a trotter or two on the public that has to be reconded with before you can claim the purse. Now comes the announcement that he will race only a few stake colts. This necessitates the sale of three as good racing property as Mr. Thomas ever developed:

"Flinch, seven-year-old gelding, trial trotting, 2:13, last half 1:03 1/4."

"Warbells, pacer, trial 2:11 1/2, half 1:03 1/2."

"Coastmount, six-year-old gelding, pacer, trial, 2:13."

"All of these trials over a three-quarter mile track, acknowledged to be at least three seconds slow."

Paynter's Anti-Dope Bill.

It's going to be pretty hard and somewhat embarrassing for the morphine and cocaine fiends to get their daily allowances of "dope" if Representative C. M. Paynter's bill passes this Legislature. The bill was introduced last week, and its title indicates that it is to regulate the sale of poisons, narcotics, etc.

In the first place, in order to get morphine, cocaine and the various narcotic salts, the purchaser must have a prescription from a reputable practicing physician and the original prescription must be presented each time a purchase is to be made. It is a common practice in Louisville, and, indeed, in all cities and towns in the State, for a user of such drugs to get one prescription calling for morphine or cocaine, have the prescription filled by some druggist and have that druggist give a copy of the prescription. This prescription could then be used at some other drug store. It is made unlawful for such a copy to be made of the original prescription.

For the habitual user of such drugs special provisions are made. The "fiend" must go before the Secretary of the Druggists' Association in the town in which he or she lives and make affidavit that the affiant has been an habitual user of drugs for a year. Upon payment of fifty cents the applicant is given a certificate which brands him as a morphine fiend or cocaine fiend, and upon presentation of this certificate to any druggist the applicant may buy such drugs for a period of one year. The money collected for these licenses is made part of a fund for detecting those druggists who do not observe the law and for prosecuting them. A fine of considerable bulk is assessable for the violation of any of these requirements.

A companion bill to this, also introduced by Representative Paynter some days ago, fixes a license fee of \$3 a year on all druggists in the State, the money to be paid into the same fund as the fee of fifty cents exacted for poison licenses.

Both bills are measures proposed by the Kentucky Association of Pharmacists, of which Dr. C. A. Leathers, of Lawrenceburg, is President. Dr. Paynter is the member from Lawrenceburg, and the reputable druggists all over the State are expected to get their shoulders under the bill and push.

THE LIVER QUARANTINE

"TAKING KID MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destrorying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Two sizes, 25c and 75c. All druggists.

PUBLIC SALE

OF DESIRABLE

Bourbon County Farm.

In order to settle the estate, as administrator with the will annexed of Mrs. Mar. A. Lary, and agent of heirs, I will, on the premises, beginning about 11 a. m., on

Wednesday, February 14, 1906,

at public outcry about 80 acres of desirable land, fronting on Thatcher's mill and Clintonville turnpike, near Clintonville, and having thereon a two-story frame dwelling of eight rooms, pantry, kitchen, porches, cellars, cistern, ice-house, stable, orchard, tenm house, large tobacco barn, good pond and springs. This farm is located a short distance from depot, and only three-quarters of a mile from school, church, bank and postoffice.
